

price & product information statement

business switch

So what makes us different? We ask our customers for their feedback and truly listen. They have told us they want a great price and better service, that's why all our business customers receive personal, efficient service. This Price & Product Information Statement presents a summary of the electricity plan and terms and conditions applicable to this offer. If you would like further information or you are interested in taking up this offer, please call us on 1800 SWITCH for a specific quote.

Citipower Distribution Network

effective 1st March 2010

business switch provides customers with a credit on their first bill* and the convenience of monthly billing. This product offers you exceptional rates which you can secure on 12, 24 or 36 month contracts, giving you optimum flexibility.

E1 Tariff	Exc GST	Inc GST	D Tariff	Exc GST	Inc GST
Peak 1 c/kWh	15.16	16.68	Peak 1 c/kWh	17.67	19.44
Off peak c/kWh	6.09	6.70	Off peak c/kWh	6.21	6.83
Basic/MRIM Meter Charge	0.9370	1.0307	Basic/MRIM Meter Charge	0.9370	1.0307
COMMS Meter Charge	3.33	3.66	COMMS Meter Charge	3.33	3.66

E Tariff	Exc GST	Inc GST	NB. Peak times vary
Peak 1 c/kWh	15.06	16.57	Peak times on E1 tariffs are 7am - 11pm Mon - Sun
Basic/MRIM Meter Charge	0.7589	0.8348	Peak times on D tariffs are 7am - 11pm Mon - Fri
COMMS Meter Charge	3.33	3.66	

Eligibility

This product is restricted to customers who:

- are allocated to an E1, E or D tariff;
- are not an existing customer of Momentum Energy;
- have a consumption of less than 160 MWh per annum;
- have successfully been approved by Momentum Energy's credit worthiness check; and
- have consented to monthly billing

Disclaimer - The costs and the other information presented in this product information statement are based on the information provided by you and are indicative only. Please note that the estimates presented also do not include any network tariff rebate which may be applicable or concession to which you may be entitled. Momentum Energy rates remain subject to CPI increases and pass through of network and regulated charges.

Meter Charge includes Service to Property Charge \$/day.

Early termination will incur an administration fee and the pro rata recoupment of any inducement paid unless otherwise agreed in contract terms - customers must provide 28 days notice of termination. Administration fees are \$20 where usage is less than 40MWh per annum and \$110 where usage is 40MWh to 160MWh inclusive.

* Incentives are based on usage (consumption) and contract length. Incentives are credited only where annual consumption exceeds 10MWh and once you have consented to Monthly Billing.

For more information on your right to choose your energy retailer and the competitive energy market, visit the website of independent industry regulator the Essential Services Commission (ESC) at www.esc.vic.gov.au - this document and Momentum Energy products are produced in accordance with ESC guidelines.
