

Go Cats! Frequently Asked Questions

What if I've already bought my 2012 Cats membership? Am I still eligible?

Yes, you should send the voucher to the Cats to receive a credit on your Cats Membership account. This is subject to the Geelong Cats Membership policy and Terms and Conditions.

When will I receive the voucher once I've signed up with Momentum?

Customers will receive their vouchers in a few days with instructions on how to active the voucher. The voucher will include your unique code, which will identify you as a new Momentum customer. This voucher can only be used once.

I'm already a Momentum customer. Am I eligible?

Only new NMIs (unique meter number associated with your site) will be able to benefit from this promotion. This means you will not be able to 're-sign' a NMI that is already with Momentum. However, if you have another NMI that is not currently with Momentum, then you can switch it to Momentum to receive the benefits of this promotion. So, if you have a holiday house or another property which isn't with Momentum, you can still benefit. Each customer will receive 1 voucher per NMI they sign up with Momentum.

How is the voucher redeemed?

In person, via phone or post, directly with the Geelong Cats Football Club. If applying via post, simply put the voucher in with your membership application. If customers are signing up for membership online, this promotion is not available.

How do I go in the draw to win the Cats Premiership Jumper once I've signed up?

Anyone who signs up on the GoCats promotion automatically goes into the draw to win the Cats Jumper. Be sure to mention 'Go Cats promotion' when you're switching over your electricity. The winner for the Jumper will be drawn 15 February 2012.

How do I find out about Geelong Cats memberships?

Call the Geelong Cats on 1300 GOCATS.

When does this promotion end?

January 31 2012

Please read the Terms and Conditions for details.

Score a signed 2011 Cats Premiership Jumper.*

And a Cats membership voucher worth up to \$150*.
