

# Nothing Fancy Electricity.

*To be read in conjunction with our Disclosure Statement and General Terms.*

## **ENERGY PLAN**

### **Plan name**

Nothing Fancy Electricity

### **Eligibility criteria**

To be eligible for this plan:

- a) the Supply Address must be located in Victoria, South Australia, New South Wales or the Energex distribution zone of Queensland; and
- b) you must:
  - i) sign up directly with us and not through a third-party
  - ii) pay your bills in full by direct debit for the life of the plan
  - iii) receive your bills, notices and other communications Electronically, and
  - iv) if you have a consolidated billing account for multiple premises with us, also take up this plan for every other premises included in that consolidated billing account.

### **Additional terms**

1. A payment processing fee will apply to all card payments. You can find a list of our fees and charges at [momentumenergy.com.au/fees-charges](https://momentumenergy.com.au/fees-charges). For direct debit card payments, the fee will be included in the total amount debited. For other card payments, the fee will be added to your next bill.
2. If we reasonably determine that you are not eligible for this plan (for example, you don't meet our credit

eligibility criteria), or you subsequently become ineligible for the plan (for example, you don't continue to pay your bills in full by direct debit), we may end the Market Contract by prior written notice to you. If this happens and we're Responsible for the Supply Address, we'll continue to sell you electricity at the Standing Offer Prices relevant to the Supply Address.

3. We may vary or retire the plan, by prior written notice to you. If we vary the plan, our notice may include a link to details of the variation on our website.

## **EXTRA PRODUCT TERMS**

### **Renewable promise**

In these Extra Product Terms:

- **Hydro Tasmania** means our parent company, the Hydro-Electric Corporation (ABN 48 072 377 158);
- **RECs** means renewable energy certificates, including small-scale technology certificates and large-scale generation certificates; and
- **Renewable Energy** means energy generated from renewable resources (e.g. sunlight, wind or water).

1. We'll:

- a) ensure that Hydro Tasmania or another electricity generator will generate an equivalent amount of Renewable Energy as we bill you for in that same calendar year; and
- b) engage an external auditor to examine the reconciliation of the Renewable Energy generated against the quantity of the renewable promise.

2. You acknowledge that:

- a) the electricity supplied to the Supply Address comes from the grid and consists of energy generated from both renewable and non-renewable sources, so you won't necessarily receive Renewable Energy;
- b) the renewable promise isn't accredited by the National GreenPower Accreditation Program and the Renewable Energy referred to in clause 1(a) won't give you any rights to claim or receive RECs or any other environmental product, whether or not the Renewable Energy is eligible to produce those certificates or products;

- c) we've made no representation to you that our renewable promise will reduce the quantity of greenhouse gas emissions attributable to you at law, or achieve any other purpose, and you've relied on your own investigations, interpretations, deductions, information and determination in deciding whether the renewable promise is suitable for you;
3. We may stop offering the renewable promise as an Extra Product by at least 20 Business Days prior written notice to you. If we stop offering the renewable promise, the Market Contract will continue unless it's also ended in line with the General Terms.
  4. If you cease to be eligible for our renewable promise, these Extra Product Terms will no longer apply.
